Educator and Provider Support

March 18, 2011
Valora Washington, PhD.
The CAYL Institute
www.cayl.org

Objectives

- Celebrate areas of growth and accomplishment
- Expertise across regions
- To learn from each other
- Acquire new strategies

Our Principles

Success Stories

Setting Up Regional Café

Identify a challenge, issue, or idea that you have worked on in the past year.

Create a visual for your region's "café" at the beginning of the meeting. In your café:

- Illustrate the challenge using specific data or evidence;
- Illustrate the challenge using a story or case study;
- What strategies did you use to address the challenge?
- What new outcomes did you achieve?
- What are lessons learned?
- What are next steps? Your intentions for the future?

Café Presentation

Choose two people from your group to host the café

Other group members should attend five cafés (all regions except your own). Each rotation will be 20 minutes.

- What can you learn from their challenge and the progress they made?
- How can you use the strategies and information acquired?

Synthesis

Evaluations & Next Step

Our Next Meeting is May 23rd

Travel Safely!
